

HUSSARS TO GIVE GRAND MUSICAL AT ASSEMBLY TONIGHT

POPULAR ENTERTAINERS WILL
HAVE BIG PROGRAM THIS
EVENING.

GILLIAN THURSDAY EVE

Famous Humorist Will Be Big Attraction—Is Popular in Dixon.

Dr. Wirt Lowther addressed several thousand people at the Assembly this afternoon. His subject was "The Mission of the Poet."

His lecture was not a dry, scholastic dissertation on the science of verification and the kinds of poetry, but an eloquent and mighty plea for things that "touch life with upward impulse." He shows that the mission of the poet is to develop our sense of the beautiful, cultivate the imagination and sympathies, interpret nature, interpret humanity and interpret God.

His thoughts are jewels; his diction golden; and the clearness of his delivery gives to both thought and expression the currency of coin of the realm. His address teemed with apples of gold in pitchers of silver. You will never at any time or place hear a better lecture.

At 2 o'clock this afternoon the Hussars gave a musical prelude which was followed by the lecture of Dr. Lowther.

The Hussars will give a very complete musical entertainment this evening. Mr. Robertson will give a program of moving pictures.

Tonight's Program.

Those persons who heard the Hussars Tuesday afternoon will come again to hear a more complete program given by this excellent musical organization. The program begins at 8 o'clock.

After the musical entertainment there will be a brief program of moving pictures.

Thursday, Special Day.

Tomorrow is one of the special days of this session. It is expected the attendance will be very large, for the program offers two splendid attractions. The Williams Jubilee Singers will add "color" to the program, and Strickland W. Gillilan will make everybody laugh on Thursday evening.

Sterling people will visit the Assembly tomorrow in large numbers, for they can get, in addition to a fine car ride through the country, an admission ticket to the park.

The Williams Jubilee Singers need no introduction to Assembly patrons—everyone knows what they can do when it comes to putting on a musical program. Every one is a star. The quartet is a special feature and is always a favorite. The colored race has produced singers as great as the prima donna. The contralto possesses a rich and charming voice of great depth and power, which has won her many admirers. The soprano is worthy of special mention. The pianist is an experienced accompanist of great natural ability.

The program consists of jubilee songs, plantation songs, negro melodies, camp meeting songs, negro comic songs, cabin and river songs, sentimental ballads, ballads and sacred songs.

Gillilan Is Funny.

All who possibly can will attend the Assembly Thursday to hear that prince of "funny" men, Strickland W. Gillilan. His home is in Baltimore. He has a lovely wife and one of the sweetest little boys you ever saw. He loves his family and some of the funny things he tells in his lecture come from his association with his "little boy," as Gillilan calls him.

Gillilan is one of the few "funny" men who has talked at the same banquet with presidents, Taft, when he was president, always asked for Gillilan when he gave a "funny" entertainment at the White House. Gillilan often tells about that time when "Me

RECOMMENDS NO CHANGE.

The county superintendent's office recommends that there be no change in text books for use in the rural schools for the school year 1914-1915 and earnestly desires the Boards of Directors to concur in the recommendation.

OVERLAND TRAIN HAS AN UNLUCKY STREAK

VAN VLACK'S TRAIN KILLS FOREIGNER WORKING ON TRACKS NEAR UNION GROVE.

Northwestern passenger train No. 2, the Overland Limited de luxe, struck a foreigner who was working on the tracks west of Union Grove this morning, killing him instantly. The man's remains were picked up by the train crew and brought to Morrison, where an inquest was held today. The Overland Limited is the train Engineer Van Vlack was in charge of Monday morning when he died so suddenly while the train was running.

WHITESIDE MEN IN A SCRAMBLE

ROCK FALLS ATTORNEY WANTS DEMOCRATIC NOMINATION FOR CONGRESS FROM THIS DISTRICT.

Sterling, Ill., July 29.—Jacob D. Cantlin, city attorney of Rock Falls and a well known Whiteside county attorney, has announced himself as a candidate for Congress at the Democratic primaries.

Whiteside county office-seekers are making a wild scramble to get petitions signed and filed again. It was found that their petitions, which have been all signed up and filed once, were illegally headed and that new petitions would be necessary in every case; hence the rush.

A BIG NIGHT AT ILLINI HALL

TANGO CONTEST ON FRIDAY NIGHT WITH PRIZES TO THE BEST AMATEUR DANCERS.

On Friday evening of this week a Tango contest will be held at Illini Hall, Grand Detour, in connection with the regular dancing party. A committee of five will be chosen to act as judges and prizes will be given to the best amateur lady and gentleman tango dancers. A silk parasol will be given as the lady's first prize and a handsome watch for the gentleman.

The contest is to be conducted fairly and along ethical lines in an effort to find the most gentlemanly and ladylike manner in which the Tango may be danced.

Dr. Hewitt says: "If we must have Tango, let's have good Tango." All dancers know that the Tango has been the reigning dance of the season, and the fact that a contest in this popular step will be held in connection with the regular Friday night party will bring out an exceptionally large attendance.

AGREE ON BASE FOR PEACE

(Associated Press)

Washington, D. C., July 29.—Gen. Carranza, head of the Constitutionalists, and President Carbajal have agreed on a base for the arrangement of peace in Mexico, according to a message received today by Jose Cazzellot, a personal representative of Carbajal.

FINED \$10 AND COSTS.

R. A. Nettz was fined \$10 and costs by Police Magistrate W. G. Kent last evening for violation of the automobile laws. Fine and costs were paid.

IMPROVING STORE.

The Boynton-Richards company is having the basement of its clothing store repainted, the improvement being of such nature that it will make the room much lighter and more attractive.

FILE REPORTS.

Messrs. Thomas Mannion, Andrew Spohn and E. B. Raymond have filed their school treasurer's reports for the year at the county superintendent's office. Mr. Mannion has filed all records and vouchers for audit.

NEW SIDEWALK.

The cement sidewalk in front of the American Express office on E. First street is being torn up and relaid, the J. W. Kelley Concrete Co. having the contract.

DOUBLE HEADER IS ARRANGED FOR SUNDAY

BUSTER BROWNS WILL MEET I. N. U. AND BRUNSWICKS AT LINCOLN PARK.

Dixon baseball fans will be treated to another double-header at Lincoln Park Sunday afternoon, and because of the closeness of the league race and the fact that the two games will be staged for the price of a single admission, another large crowd may be expected at the doings.

The Buster Browns will be the hard workers in the coming two contests, for the shoemakers will be forced to meet the Brunswicks and the Illinois Northern Utilities company teams. The first game, which will be between the Busters and the Brunswicks, will be called at 2 o'clock sharp, and at 3:30 o'clock the I. N. U. and Busters will meet in the second half of the bargain bill.

The loss of Guhl, who threw his arm out in the seventh inning in his game against the I. N. U. last Sunday afternoon, has made it necessary for the management of the Busters to scratch around for another box artist to assist in the double doings. For Guhl's injury is such that he is practically certain he will not be able to work again for several weeks, and probably not again this season. However, the Busters claim to have gotten hold of a man who will be a surprise, and two games fully as interesting as those of last Sunday are expected.

WILLIAM RINK, SR. HURT IN FALL TODAY

AGED GENTLEMAN WAS THROWN FROM BUGGY—SURGICAL HELP NEEDED.

Wm. Rink Sr. was severely cut and bruised this morning when his rig overturned as the horse he was driving shied while he was passing the corner of Madison avenue and Sixth street.

The spirited animal became frightened at some moving object and turned quickly, cramping the wheels of the rig, and threw Mr. Rink into the street, where he alighted head foremost.

He was immediately picked up in a slightly dazed condition and was taken to his office, where Dr. Parker was called. It was found that the old gentleman was badly cut on the head, receiving several scalp cuts and being also somewhat cut about the face and arms, and badly bruised.

Mr. Rink, who is over 80 years old, while badly cut and bruised, did not seem much shaken by the fall and held up under the shock of his severe fall with an elasticity wonderful in one of his age.

PRACTICE FOR SHOOT.

Lieut. Reid, Lieut. Preston, Sergeant Soper and a number of privates from Co. G went to Camp Palmer near Galt today to spend the day in practice in preparation for the annual regimental shoot which will be held Sunday.

BIG SUMS PAID TO SEVERAL HIGH SCHOOLS

TUITION PAID FOR GRADE GRADUATES TO OTHER SCHOOLS IS \$4,266.68.

An interesting item in the annual report of County Superintendent L. W. Miller, now nearly completed, is the accounting of \$4,266.68 as tuition paid by various school districts for graduates of the eighth grade who attended different high schools during the past year. Of this sum the Amboy high school received \$1,358.50, the largest sum paid to any school in the county.

CANNON AFTER JOB.

(Associated Press.) Danville, Ill., July 29.—Former Speaker Joseph G. Cannon today announced his candidacy for the nomination for congress from this district.

IS IMPROVING.

NO CRITICISM IS HEARD AT ASSEMBLY

PROGRAM IS MOVING SMOOTHLY AND EVERYONE IS ENJOYING SESSIONS.

It is a rule strongly established that all enterprises of most any character get their share of criticism. This has been true, perhaps is true now, of the Rock River Assembly, but people who make a business to keep their ear close to the ground tell us that there is less criticism of the Assembly this session than of previous sessions. Just why this should be true one is unable to state. On the whole, it seems that there is hardly room for just criticism. Everything is moving along nicely and smoothly. The program is a well balanced program. Its strong feature is music. If there were more lectures than music then some would criticize, but that is not the case. Music bring down the scales; thus the management believes the majority of the patrons are well pleased. But of course you find some who prefer the lecture to the musical entertainment. For such as those, arrangements have been made to satisfy them. You have heard of some people who prefer prunes to strawberries. Those can be satisfied by a little effort.

Every member of the Assembly board is doing his duty this year, as in years gone by, to please everybody. People are apt to throw bricks at the program manager, but not a brick has been thrown thus far this session. The man who arranges the program comes in for more or less "knocking," but not a "knock" has been heard thus far this session. There has never been a time when everything is moving along so smoothly as at the Assembly this year.

REPUBLICANS WIN IN ILLINOIS ELECTION

DOWNSTATE CONTESTS RESULT IN ELECTION OF REPUBLICAN JUDGES—"PROGS" RUN THIRD.

Joliet, July 29.—Wm. A. Bowles won the Will county vote by a plurality of 866 in the election for a circuit judge to succeed the late Charles B. Campbell. He was opposed by A. W. Deselm of Kankakee. Mr. Bowles is a Chicago attorney but his home is in Joliet. His vote was disappointing to democratic adherents who predicted that his Will county plurality would make up for an expected majority of Deselm in Kankakee and Iroquois counties. Reports received tonight gave Deselm a plurality of 672 in Iroquois county and 3252 in Kankakee county. The estimated plurality of Deselm in the election was 3652.

Champaign, July 29.—Frank H. Boggs of Urbana, republican, today was elected circuit judge of the sixth judicial district at a special election following the death of Judge Solon Philbrick. Boggs had an estimated plurality of 2609 over Delbert R. Enochs, democrat, and E. J. Hawbecker, progressive, who ran in the order as named.

THIRTY-FIVE BLOWN TO DEATH IN EUROPE

EXPLOSIONS AT TUDELA, SPAIN, AND CASSEL, GERMANY, TODAY.

(Associated Press)

Tudela, Spain, July 29.—Twenty-five persons were killed, many of the number being decapitated, and forty were injured in an explosion of fireworks at a festival here.

(Associated Press)

Cassel, Germany, July 29.—Twelve potato miners were blown to pieces with dynamite while sinking a shaft here.

DONAHUE IS SPEED KING OF THE RIVER

YONG LAD SWIMS ACROSS AND BACK AT ASSEMBLY IN NINE AND ONE-HALF MINUTES.

Dixon has developed a swimmer that will probably be heard from in national swimming circles if he follows up the sport. "Jack" Donahue, well known here, has been swimming at the bathing beach at the Assembly park this summer, and his extraordinary speed attracted so much attention that it was determined to time him on a swim across the river.

He made the trip across and back, close to one-half mile, in nine and one-half minutes, elapsed time.

Prof. Eissner, manager of the beach, measured the stream at this point last winter when the ice was in and he found that the distance over and back is exactly 2,340 feet. It is 390 yards one way. The swim was made yesterday morning.

A short time later in the day Prof. Eissner made the swim to test his speed and his time, over and back, including what rest he took at the other side, was only thirteen minutes.

REMOVED TO HOME.

Mrs. Elmer Reynolds, after an illness of eight weeks at the Katherine Shaw Bethea hospital, has sufficiently recovered to be removed to her home.

RUSSIA ORDERS TROOPS TO MOBILIZE ALONG AUSTRIA HUNGARIAN FRONTIER; AUSTRIA TURNS DOWN SERBIAN APOLOGY

RUSSIA'S ACTION DANGEROUSLY DIMINISHES CHANCES FOR PEACE.

MAY MEAN BREAK WITH AUSTRIA

Aviators of Serbia and the Dual Monarchy Seek Location of the Troops.

(Associated Press)

London, July 29.—Reports of massing the armies in strategic positions come from all parts of Europe today, but no actual clashes have been reported. Diplomats have concentrated their attention to efforts to confine the war to Austria Hungary and Serbia.

Premier Asquith, in the House of Commons, said: "The situation is one of extreme gravity. The British government is not relaxing its efforts to do every thing in its power to circumscribe the area of the conflict."

Austria and Serbia resound with the march of troops, while stock exchanges everywhere in Europe are demoralized.

(Associated Press.)

London, July 29.—The changes of maintaining peace in Europe were dangerously diminished by an order from the Russian war office last night calling for a partial mobilization of the Russian troops in the southern and southwestern districts.

It is argued in official circles however, that although the order endangers peace, it does not necessarily imply that there has been a rupture between Austria Hungary and Russia.

Stock Markets Affected.

The condition of the London and other stock markets today showed the gravity of the situation. On the London exchange British Consols dropped to 62½, the lowest point they have reached in a century.

Five failures were reported up until noon in London, and reports from St. Petersburg, Liverpool and other exchanges state that they have been closed for the day. Dealings on the Berlin exchange were limited by an order from the board.

Toward Frontier.

Dispatches from Vienna show that the Austrian forces are continuing to move toward the Serbian frontier. Montenegrins have stationed a mountain battery near Pribor where women are building earth works and Serbian and Austrian aviators are flying along the frontiers trying to locate the positions of the opposing forces.

Arrest Servians.

Germany, Italy and other European powers are continuing their efforts to localize the Austro-Serbian hostilities, and all Servians in Austria Hungary who are liable to military service have been made prisoners of war by the dual monarchy.

TROOPS BEING RUSHED AS NATIONS PREPARE FOR AWFUL WAR.

PEACE OFFERS ARE REJECTED

Germany Would Localize the War—The Situation Involves All Europe.

(Associated Press)

London, July 29.—Austria formally declared war on Serbia. With hostilities already in progress and mediation given its death blow, these were the outstanding developments of the day in the Balkan situation.

Vienna government decides that Serbia shall not, by an eleventh-hour compliance with diplomatic technicalities, escape punishment for the Sarajevo assassinations and the persistent anti-Austrian propaganda carried on within her borders. War is declared and the military campaign for the chastisement of Serbia is under way.

Collapse of the mediation plan of Great Britain through its rejection by Austria and Germany. "Military measures and Austria's present course of action as regards Serbia cannot be interrupted pending negotiations looking toward mediation," was the reply of Foreign Minister Berchtold, sent from Vienna to Sir Edward Grey.

Transporting of Eighth and Ninth Austrian army corps from Bohemia toward the Serbian frontier has been in progress for thirty-six hours and there is no other traffic on the Bohemian railroads except that of troop trains. The two corps consist of thirty-two battalions of infantry, with a large number of quick-firing machine guns, six regiments of cavalry, two regiments of field artillery and two regiments of the army service corps. The advance guard of this force already has occupied Belgrade.

No Answer Satisfactory.

Newspaper dispatch from Semlin on the Danube says the Serbian parliament, after a prolonged debate, has agreed to the acceptance of all the demands of Austria-Hungary. This is offset by statements that no answer from Serbia now can be regarded as satisfactory.

Admiralty office at Berlin orders the concentration of the German fleet in home waters. Efforts of the powers not directly concerned are now directed toward localizing the conflict. This can be done, it is thought, if Austria can be induced to forego the opportunity for territorial conquest and to that end the influence of the German emperor will be sought.

Nations Prepare for War.

Preparations for war proceeded on all sides. Even England's battle squadrons have all been mobilized in readiness for eventualities and the publication of official news as to the movements of British warships has ceased.

Russian Mobilization Means Fight.

Berlin, July 29.—A German official declares flatly that any Russian mobilization against Austria, partial or otherwise, means war. German mobilization orders would then, he said, be issued and military operations begun.

Servian Steamers Seized.

Nish, Servia, July 29.—The Servian steamers Delgrade and Morava were seized at Orsova on the Danube river by Austrians. The Servian colors were hauled down and the Austrian flag hoisted. The passengers were detained.

Russia Starts Aggressions.

Berlin, July 29.—An unconfirmed dispatch from Gumbinnen, eastern Prussia, says Russia has occupied Wirballen, Russian Poland, with a force of engineers, cavalry, artillery and two regiments of infantry, while Russian guards have been placed along all roads on the frontier.

War Sends Wheat Soaring.

St. Louis, July 29.—As a result of the European war situation wheat values soared here and fortunes were made in record order. An advance of 7½ was made on July option and the other months were just about as high.

The advance was unprecedented, grain dealers declare. When the announcement that Austria had declared war was made, a flood of buying orders was turned loose and the figures jumped upward a cent at a time. The reports of panics on European markets stimulated the buying.

Mrs. J. D. Hill and son Robert have left this city to spend two weeks with the former's parents in the northern part of the state.

Entertain for Guest.

Miss Kathryn Beale entertained this afternoon with a 5 o'clock tea at her home on North Galena avenue. The affair was in honor of her guest, Miss Mildred Loring, of Valparaiso, Ind., 24 guests being present to make the afternoon a delightful one.

Celebrates Birthday.

Miss Hazel Arla Beckingham, daughter of Mr. and Mrs. George Beckingham, entertained seven girl friends at her home yesterday afternoon with a birthday party in honor of her 14th birthday anniversary. The table was very prettily decorated for the occasion. The centerpiece was a beautiful cake, all decorated with small candies, candy hearts and 14 wax candles set in pink tandy rosebuds. The hours from 3 to 6 were spent in a social way and late in the afternoon delicious refreshments were served. Miss Beckingham received many pretty little gifts as remembrances of the happy day. All departed for home, wishing their hostess many happy returns of her birthday.

Visiting Here.

Mrs. Scott of Rock Falls is visiting this week at the home of Miss Lucy Garnett of this city.

Birthday Party.

Mrs. J. B. Stackpole assisted her son Lester to delightfully entertain about 20 of his little friends yesterday afternoon from 2 until 6 with a birthday luncheon. Master Lester was 10 years old and filled the part of an efficient host throughout the happy afternoon.

At 5:30 a very pretty luncheon was served on the lawn. There were five tables, each one prettily decorated with flowers of various hues and laden with many good things to eat.

Master Lester was the recipient of many beautiful gifts, each one coming with a wish that many more such very delightful birthdays be his.

SPONTANEOUS COMBUSTION FIRES.

Fire reports reaching the office of the State Fire Marshal at Springfield indicate many barns are now being destroyed by fires caused by spontaneous combustion of new hay stored therein. It would seem that the exceedingly dry season would prevent in a large measure such fires, but it is evident from reports received that farmers are somewhat negligent in this matter and have been storing hay before it is thoroughly dry.

Extra precaution and care should be taken at this season when new hay is stored to see that it does not heat.

Leake's Drug Co. has on hand for the relief of those suffering from aching, tired feet, that well known powder, Heald, None better.

SPO-PE, LIBERATED AFTER 33 YEARS, AND A GIRL FRIEND HE MADE IN WASHINGTON

This is old Spo-Pe, Blackfoot, who for 33 years has been imprisoned with the criminal insane at St. Elizabeths. He has just been pardoned by President Wilson and now he is on his way to the reservation of his tribe in northwestern Montana, along the Canadian line. So overjoyed was Spo-Pe at his liberation—despite the fact there was a question if he was guilty of any crime—that he insisted on having his photograph taken with Evelyn Finch, daughter of the pardon attorney of the Department of Justice, who worked to free him.

More than 35 years ago a troop of United States cavalry killed his mother, his father and a score of his people. Spo-Pe took a vow that

he would kill a white man so the souls of his people could rest in peace in the happy hunting ground. There was nothing personal about it, but the carrying out of a sort of religious vow. When the Indian was taken to St. Elizabeths as being insane he refused to talk and tried to make himself understood by the sign language. That convinced the authorities he was insane.

About a year ago a party of Sioux visited the asylum and established the identity of Spo-Pe. His case was brought to the attention of the authorities and it was discovered that he was not insane. Indian Commissioner Cato Sells interested himself with the result that President Wilson pardoned the old Indian.

NO DANGER HERE FROM ARMY WORM

GRAIN IN SHOCK EARLIER THAN
USUAL MAY FORFEAL
PEST.

FARMERS REPORT LARGE CROPS

Conditions Said to Be Exceptionally
Fine in Lee County This
Year.

At the present time there is every indication that the farmers of this county will harvest one of the largest crops ever grown in northern Illinois. The small grain is now practically out of danger from all insects, as it is in the shock and unless heavy rains and hot weather come to moulder it, it will be safe. Never before has such a bountiful yield been in prospect, and the farmers of this section are on the eve of a record harvest. Every farmer is jubilant over the prospect and many farmers are in a quandary as to how to care for the large crops.

With every crop at least one week or ten days ahead of the usual season the farmers are busy in the fields from early morn until late at night. Every crop is large and will average far ahead of the yields of other years. One of the prominent farmers of this section in speaking of the crop conditions stated recently that he did not remember any year in which the prospects for banner crops in northern Illinois were brighter; that everything is extremely promising and that all crops are ahead of the ten year average ending in 1910. The oats crop which is now being threshed shows an average of from 40 to 50 bushels to the acre and every other crop is in proportion. The farmers of the county who are raising alfalfa report good stands of that crop with a large first crop and prospects of a large yield for the second cutting. Hay crops are greater than ever before every field in this section is averaging big yields.

The corn crop is marvelous. It is not uncommon to see stalks nine feet and more in height and all they need to fill out the ears is more rain, according to the farmers. But little barley and rye are raised in this section but the fields scattered throughout the county show a good healthy crop.

The early crop of potatoes was very large, the "spuds" being of excellent quality. The late potatoes are coming fine and rain is needed or some damage will be done. All other garden products are in a like state.

Assembly in the evening and his wife accompanied him home.

The Dixon Marine Band will play another one of its excellent concerts Wednesday evening, August 5. This band must be considered as one of the musical features of the Rock River Assembly.

Several hundred persons enjoyed the bathing beach Tuesday afternoon.

"SEEDLING" MILES ON THE LINCOLN HIGHWAY.

Can cement sprout? Verily it can. And no miracle will be worked in the sprouting. It will merely mark the operation of an idea, and no known force in nature is so powerful as an idea. The Lincoln highway was born of an idea. To some it appeared a grotesque idea. To think that some day, in the present generation, a smooth, permanent highway would reach from New York to San Francisco seemed laughable. Now that the idea has really incubated, that the fledgling is stretching its wings, that the route has been surveyed and marked for hundreds of miles, incredulity gives way to wonder. But when it is known that definite ideas of a concrete surfaced highway are entertained the scoffer resumes his favorite pastime.

But blessed is the man who sitteth not in the seat of the scornful. It seems wholly like a dream to contemplate a concrete road nearly 4,000 miles long, and yet it falls within the possibilities. Great oaks from little acorns grow. Long roads of concrete from "seedling" miles will spring. That is what the Lincoln Highway Association calls them. It is contributing cement this year for four such miles in Illinois, four in Iowa, five in Nebraska and one in Ohio. This gift is secured on a competitive basis. The community agreeing to build the greatest stretch of highway in addition to and in connection with the material contributed by the association will receive the gift. The competition for this cement is now keen in Illinois and Iowa, and Nebraska will take up the contest in a few days. The Lincoln Highway Association is persuaded that it has undertaken "a wonderful work" in the establishment of these "seedling" miles of concrete highway. It has. Watch them grow. Cook county has adopted concrete for the state-aid roads in Illinois, and DuPage county, adjoining it on the west, follows suit.—Breder's Gazette.

THOUGHTLESSNESS.

Young folks, when you go to the Assembly, if you wish to talk and laugh, keep away from the auditorium while the program is on. Boys and girls who promenade around the edge of the building, who sit on the fences near the doors, or who sit inside the auditorium and talk and joke and make noises that distract the performers and the audience, soon get the names of hoodlums. Such actions embarrass those on the platform and greatly annoy the members of the audience.

Only last evening it was necessary for Everett Kemp, who was delighting his audience with an impersonation of the Music Master, to stop during his performance and ask the people on the outer edge of the auditorium to cease their constant hum and buzz of conversation.

It is a shame that the lecturer should have to go to such unpleasant lengths to secure proper conditions. The audience applauded heartily when he chided the thoughtless ones for their noise. They would just as cheerfully have thrown a half dozen of the young sports, who were walking around outside making silly remarks, into the river.

The farmer with the big crop of wheat is the one fellow who doesn't need to worry about the war in Europe, it seems. Wheat went up eight cents yesterday.

Austria seems to be spoiling for a fight. She may realize, when it is too late, that she has precipitated all Europe into chaos. And when the big fellows get to fighting, the little ones will be trampled under foot.

WILSON'S BOSS.

It seems that President Wilson has a boss in the person of his private secretary. The Washington Times tells the following story of how Tumulty manages Woodrow: Secretary Tumulty essayed to run the White House recently. He told President Wilson that, although he (the president) was completely recovered from his indisposition, he could have the day off. Then the secretary very calmly canceled the regular cabinet meeting, arranged for his transportation on the noon train to the New Jersey shore resort where Mrs. Tumulty and the seven little Tumultys are summering, lighted a perfecto and leaned back in his office chair, well satisfied with his day's work.

Five minutes later the telephone rang. The secretary answered it and casually strolled into the president's private office to see that no urgent matters remained there unattended to. He got the shock of his young life. At the desk, hard at work on the accumulated documents there, was President Wilson.

"I thought I told you to stay in bed and finish the job of getting thoroughly well?" demanded Tumulty.

"But I am well," protested the president.

"You certainly are not," persisted the secretary. "You are ill and I have canceled all of your engagements until Monday. And I told Dr. Grayson that you were too ill to come over here."

The president recognized that he had received his orders. He hastily signed a number of communications, gathered a big bunch of documents under his arm and returned to his private study in the White House, where he could work without being hampered by a solicitous secretary who is opposed to extra exertion in hot weather.

The president is about well, his attack of indigestion having yielded to treatment. But he has suffered greatly from the continued hot spell because of poor ventilation, and Secretary Tumulty believed that two or three days of enforced rest would do him much good.

If it takes a year and a half to get the city dads to spend \$135, for a respirator, how long will it take to induce them to fritter away enough money to have the city's garbage hauled away and disposed of? Don't try to figure this problem out, dear reader; it might result in brain fever for you, because it's almost a hopeless proposition.

If every township in the county had as good dirt roads as Brooklyn, we wouldn't have to worry so much about concrete and brick roads. But they haven't. Brooklyn has built the finest dirt roads in the county and at the lowest cost. She is spending less money now for roads than she ever did.

Christy Mathewson

BY WALT MASON

It's curving and twisty, the pitching of Christy, it bothers the artists who stand at the plate; the idol of fandom ne'er pitches at random, he uses his brains and he keeps them on straight. The outlook is misty for men facing Christy, and teams hunting pennants get goose eggs instead; for Christy, the clincher, is student and thinker; he uses his forepaw, and also his head. The blue ribbon's his'n — you see how he's risen — his fame has extended from Rutland to Rome; he is the Old Master, who dodges disaster, because when he's working he uses his block. "Phenoms" we've a plenty; we've eighteen or twenty, each season, dispensing a big line of talk; but Christy, the clever, is with us forever, because he's the pitcher who uses his block. We can't all be pitchers, for some must be ditchers, and others be farmers — whatever our jobs, we're sure to be rising to summits surprising, if always, when working, we're using our knobs.

ILLIARD TOURNAMENT HAS BEEN ARRANGED

M. M. LYND'S HAS ARRANGED FOR SERIES GAMES FOR THE CHAMPIONSHIP.

The game of billiards has reached a high degree of development in Dixon, there being very many fair cues among us. Many and close are the games played at the local billiard rooms, but it has never been decided just who leads the city in superiority of play. A contest to decide this and several smaller disputes concerning the relative merits of various players would be timely and interesting. Consequently M. M. Lynd, the owner of the Brunswick billiard hall, has prepared a series of scheduled match contests in which practically all the players in the down town district are evenly matched.

In all 36 players will enter the contest, making for a first series of 18 matched games. These will be played two a week, on Tuesday and Thursday evenings and the contest will run until Sept. 17, beginning Aug. 11th. After the 17th the finals will be played off.

There is no prize connected with the winning of the games or championship. All games are free of charge and will probably be played before a considerable gallery as time goes on and interest grows. "Fourteen two" balk line will be the game and all contests will be fairly judged and the men fairly matched. One hundred points will be considered a match.

No doubt the contest will prove of interest because of the general interest always displayed locally in the ivories.

DUCHESS OF MARLBOROUGH
 MAKES SUFFRAGE
 SPEECH AT NEWPORT

The Duchess of Marlborough, who was a Vanderbilt and one of the three American duchesses in Great Britain, has come forth as an ardent advocate of woman suffrage. She reserved this announcement for a meeting of society women at Newport. Perhaps if she had made the speech in England she would have been likened to the militant suffragettes, who burn and riot. That would have displeased the king, who has already been twice insulted by militants. An American duchess is not very likely to do anything to displease the royal family.

FAMILY THEATRE.

Those who have followed the exceptionally interesting serial, The Perils of Pauline, will find part nine, in two reels, which will be shown at the Family this evening, even more interesting than the former reels. In connection with the above a special feature will be shown entitled, The Mystery of the Haunted House, in two reels. Lovers of the movies will find a program this evening full of adventure and mystery. Watch this paper for the announcement of the big vaudeville program to begin on tomorrow evening.

PRINCESS THEATER.

On Thursday night the great serial story, "The Million Dollar Mystery" (the fourth series), will be shown at the Princess theater. This great serial by Harold MacGrath, is the most exciting and thrilling stupendous production ever produced.

Every episode, every scene of the "Million Dollar Mystery" throbs with human emotion. The intensely dramatic situations, cleverly portrayed by beautiful Florence Labadie, are exceptional examples of motion picture art. This photo play has cost the Thanhouser company \$1,000,000 to produce, so nobody should miss it. Don't forget the big matinee from 2:30 to 4:30.

and the President" had such a lovely time together, etc. Besides a lecturer Gillilan is a writer for magazines. "Till true this man, Gillilan, is funny, but aside from being funny, Gillilan has a message. There is another nice feature about the makeup of this man, whom Dixon people love; he can come back. He was here two years ago and he is coming back this year. He can come back again next year and have a big audience to entertain.

Bible Conference Interesting.

Don't forget the fact that there are good things on the program this week that are not given in the afternoon. The forenoon of each day this week is given over to the Bible conference. The speakers participating in this conference are big men—scholarly and thinking men, and those who hear these men once will return the next morning for another lecture. Thursday's forenoon is full of good things.

At 9 o'clock Dr. Huber will discuss "The Liar in the Church." This is a subject that will appeal to anyone as a subject that is interesting. Dr. Huber will go into details and you will come away from his talk convinced that he knows something about the Bible.

At 10 o'clock Prof. Holmes Dysinger, D. D., will talk to the conference on the subject of "Religion—Its Origin and Essential Elements." Prof. Dysinger is another of those Bible men that all ought to hear. Hear this man once and you will find yourself arranging plans to come again.

At 11 o'clock Rev. Paul H. Heisey of North Liberty, Iowa, will address the conference. This young man, like all Bible men, also has a message.

The Child.

Miss Hill is meeting with very good success during the Mission Study class hour. Her class is growing larger each day and at the same time interest is being manifested. Thursday afternoon at 4:30 o'clock this talented woman will discuss "The Child at Home." This is a subject that many ought to hear, for we all know it is at this day a most vital topic and should be given some very close attention.

"The Red Man and Social Order." Mrs. Hallie H. Hill, whose lectures are attracting such widespread and favorable comment among patrons of the Assembly, spoke on "The Red Man and Our Social Order" Tuesday afternoon. Some laws among the Indians are universal, but some others are not, as the Indians of the west have different conditions to cope with. As she went on with her interesting discourse she spoke of the strong morals of the Indians generally, and of course there are exceptions to all the rules, and sometimes were not quite up to the standard. But her declaration is a remarkable fact to the public who had always understood the Indians were not strong morally. Odd as it may seem, the Indian squaw is the head of the family; also they have a right to vote and to hold property that has been handed down to them by their mothers.

The Indians are very fond of amusement; their chief interest is in gambling, dancing and singing. Their music is apparently barbarous, but if one studies it, it has a great attraction. It is remarkable to note that the Indian scale is similar to that of the Chinese. Disease has wrought much havoc with the Indians. The diseases prevalent are tuberculosis, trichoma, the eye disease and venereal diseases. The white man, according to Mrs. Hill, is the one chiefly responsible for the diseases that cause such mortality among the Indians.

Mrs. Hill displays great ability as a speaker, and her topics are always of vital importance. She speaks at Bible hall this morning on the subject, "Aborigines Who Are Not Red Men," and her topic this afternoon is "The Red Man as Teacher and Leader."

The Hussars.

Yesterday the Hussars gave a program before a large and very much interested audience. They rendered several selections from various composers, their entertainment during the latter part of the afternoon being taken up with the rendition of some of Sousa's opera and some of his band music. Their entertainment was appreciated by all attendants of the afternoon session. Their rollicking, spirited delivery, their fine expression and their knowledge of the work they were rendering, makes it a pleasure and lasting benefit to those having the pleasure to be present. Their entertainment is a combination of the smart, sharp precise action of military maneuver, with the gay, light and galloping action of the college glee club. Their dress is calculated to have the most restful influence on a critical audience. In the selection of numbers for the first division of the entertainment they have balanced the classic and the lighter music so cleverly and neatly that their audience can not become tired of a repetition of the same style.

The Hussars are here again this evening to give a full evening's concert. Make it a point to come and hear them, for it is worth your time to hurry to the grounds and hear the light-hearted boys in their splendid entertainment.

There are more than the pleasant impressions left from the entertainment as given by these young men; there are those memories of having listened to some of the great operas, of unperishable fame, those creations of such men as Bach, Mozart and Beethoven, whose names will last as long as time can endure and people can live to heap honor upon their memories.

"The Music Master."

Yesterday evening the large audience who came to hear Everett Kemp in his last entertainment, were stirred beyond all expression. His subject was "The Music Master," the story by Klein, made famous by the great Warfield, telling the description of a German music master by his wife who flees with the man who was the best friend of the forlorn musician, they take with them the little daughter of the musician, which breaks the father's heart. His rendition of the broken hearted father is true to life; the audience could scarcely keep the tears from falling. The next scene depicts his arrival in New York, his efforts to

make a living and the various delinquencies of character, changing from pathos to humor, making his audience feel like weeping one moment and the next shouting with laughter. As he goes on with his story, unfolding the plot, telling of the struggles of the band master, and his tender friends, his meeting with the rich man's daughter, to whom he is so attracted, their friendship and her marriage, melts the heart of his audience, making them see fully the tragedy that is going on in the heart of the man. Then from pathos he goes to joy, finding the rich man is the one who had wronged him and the final joyful ending, the discovery of his daughter and their return to Leipsic, the home of their childhood. The story ends making every one feel the better for having heard him, and desiring that he should come again.

Bible Conference.

Rev. C. Huber opened this morning's session of the Bible conference with his lecture, "Persecuted for a Good Deed." His illustration is taken of Peter, suffering before the orthodox men of the Church, because of the good he tried to do among the people of the church. He goes on to state the persecutions given by the orthodox men to those who try to do good in the world.

Mr. Harry Gerhardt gave a talk on that most vital subject, "The Layman's Missionary Movement." This movement is the greatest aid to the modern church. In the financial affairs the church by its own efforts can not get the sufficient funds for the necessary Christian work, therefore, it is up to the laity to assist in the work, both financial and with brotherhood influence.

Dr. Dysinger of Atchison, Kansas, spoke this morning on the "Development of Interdenominational Concurrence," in this discussion he spoke at length of the various doctrines of the churches and the selfishness of these churches in the individual doctrines, when they are to combine with other churches. Only good can be done when churches are willing to lose their doctrines, if they would combine to make a strong Christian institution, and do the work for them to do in the world, they must lose their individual traits and become broad and willing to take some of the doctrines that would bring their closer union.

VAN BIBBER DID NOT SEND ARTICLE

Life and Labor, a periodical, contained in a recent issue a story and some illustrations of Lowell park. The illustrations were sent in by Commissioner VanBibber, on request of the editor, but the appended article did not come from the city official. GIRL WHOSE DEATH PUZZLES BALTIMORE POLICE

The Baltimore police and many thousands of persons of the city are aroused over the mysterious death of Miss Ella G. Winter, a pretty stenographer, whose body was found in Curtis Creek, near the city.

That the girl was murdered and her body thrown into the water is now accepted as a fact. All doubt on this score was removed from the minds of the detectives by the identification of a hat picked up in Curtis Creek a half mile above the spot where the body was discovered as the property of the girl and by the report of autopsy physicians that there was not enough water in the lungs to admit of a theory of drowning.

It is pretty clear to all now that the young stenographer was murdered during the drizzling rain of the night following her disappearance from home on Thursday, June 4, and her body thrown either into Curtis Creek or into the bay half a mile below. The discovery of the hat in the creek supports the theory that those waters received the body from the hands of the slayer. The police say that the hat could not have been carried so far up the bay by the slight tidal swell, and the wind of the night in question, they contend, was not sufficiently strong to have blown it there.

HENRY FORD TELLS PRESIDENT DEPRESSION IS PSYCHOLOGICAL

Henry Ford, automobile manufacturer, who recently increased the wages of the men employed at his Michigan plant, stepped from the White House the other day after a talk with President Wilson on business depression. Although Mr. Ford would not talk to newspapermen—even going so far as to deny his identity to two who knew him in Detroit—it was learned he told the president he believed the present business depression was largely psychological as the chief executive had explained some time ago to other business men who visited him.

Other important business men have visited the president to talk about prosperity and adversity, among them J. P. Morgan. A delegation from Chicago also called. Mr. Ford, so far as known, is the first of these to agree with the President that the business depression is psychological.

How many men and women are suffering from aching, tired feet when the well known foot powder, Heald, would bring them great relief? Ask Rowland Bros., druggists, about it.

SPECIAL ASSESSMENT NOTICE. Special Warrant Under Local Improvement Ordinance No. 133, Series of 1912.

PUBLIC NOTICE is hereby given that the County Court of Lee County, Illinois, has rendered judgment for special assessment upon the property benefited by the following improvement: The construction of concrete pavement in the alley running northwesterly from Third Street through Block 29, of the Original Town (now City of Dixon) in the City of Dixon, County of Lee and State of Illinois, as will more fully appear from the certified copy of said judgment now on file in my office and that a warrant for the collection of such assessment is in the hands of the undersigned.

Said Assessment is payable in eight installments. The amount of the first installment is \$178.83 and is due and payable on or before January 2nd, 1915. The last seven installments are each for the amount of \$100.00 and one of such installments is due and payable January 2nd in each of the years 1916, 1917, 1918, 1919, 1920, 1921 and 1922, both inclusive. All such installments bear interest at the rate of five per cent per annum, payable annually, on the 2nd day of July, from the 25th day of June, A. D. 1914.

All persons interested are hereby notified to call and pay the amount assessed against the premises represented by them in the assessment roll which has been heretofore confirmed in the County Court, at the Collector's office in the City Hall in the City of Dixon within thirty days from and after the date hereof, if you desire to stop interest on your said assessment.

Dated this 29th day of July, A. D. 1914. Signed, BLAKE GROVER, Collector.

SPECIAL ASSESSMENT NOTICE. Special Warrant Under Local Improvement Ordinance No. 156, Series of 1913.

PUBLIC NOTICE is hereby given that the County Court of Lee County, Illinois, has rendered judgment for special assessment upon the property benefited by the following improvement: The construction of vitrified brick or block pavement on North Calena Avenue in the City of Dixon, Illinois, from the north line of Fellows Street northerly to the north line of the right-of-way of the Illinois Central Railroad Company, as will more fully appear from a certified copy of said judgment now on file in my office and that a warrant for the collection of such assessment is in the hands of the undersigned.

Said assessment is payable in ten (10) annual installments. The amount of the first installment is \$2169.36 and is due and payable on or before January 2nd, 1915. The last nine installments are each for the amount of \$1200.00 and one of such installments is due and payable January 2nd in each of the years 1916, 1917, 1918, 1919, 1920, 1921, 1922, 1923 and 1924, both inclusive. All such installments bear interest at the rate of five per cent per annum, payable annually, on the 2nd day of July, from the 18th day of June, A. D. 1914.

All persons interested are hereby notified to call and pay the amount assessed against the premises represented by them in the assessment roll which has been heretofore confirmed in the County Court, at the Collector's office in the City Hall in the City of Dixon within thirty days from and after the date hereof, if you desire to stop interest on your said assessment.

Dated this 29th day of July, A. D. 1914. Signed, BLAKE GROVER, Collector.

NOTICE TO CONTRACTORS.

Sealed proposals addressed to the Board of Local Improvements and Council of the City of Dixon, in the County of Lee and State of Illinois, and endorsed proposals for the furnishing of the labor and materials for the construction of vitrified tile pipe sewer, manholes, catch basins and flushing tank in North Crawford avenue from the manhole fifty (50) feet north of Bradshaw Street to the northerly terminus of said North Crawford Avenue in the City of Dixon, Lee County, Illinois, as provided for in Local Improvement Ordinance No. 165, Series of 1914 of said City of Dixon will be received by the Board of Local Improvements and the Council of the City of Dixon, Lee County, Illinois, at the City Clerk's office in said City of Dixon until two o'clock in the afternoon on Friday, the 31st day of July, A. D. 1914, and will be publicly opened by the Mayor of said City of Dixon (who is President of said Board of Local Improvements) at a joint meeting of said Council and Board of Local Improvements to be held in the Council Chamber in the City Hall in said City of Dixon at two o'clock in the afternoon on said day. Said bids shall be opened by the Mayor in the presence of a majority of the Council and shall remain on file in the Mayor's office and be open to public inspection for at least forty-eight hours before an award of said contract is made to any competitive bidder. After the expiration of forty-eight hours, as stated above, said Council and Board of Local Improvements shall meet in joint session and determine the most advantageous bid for the City and publicly declare the same.

That the work for which said tenders are invited is the construction of about 1854 cubic yards of excavation and back fill; 880 linear feet of 6-inch sewer pipe (laid); 342 linear feet of 8-inch sewer pipe (laid); 330 linear feet of 10-inch sewer pipe (laid); 192 linear feet of 10-inch storm-water laterals (laid); 920 linear feet of 12-inch sewer pipe (laid); 6 catch basins; 5 traps; 3 manholes and 1 flushing tank with siphon feed pipe and outside lamphole as provided for in Local Improvement Ordinance No. 165, Series of 1914 of the City of Dixon, Illinois.

Each bid for this work must be accompanied by certified checks or cash for an amount not less than ten per cent of the aggregate of such proposals. All certified checks must be drawn upon some responsible bank and must be payable to the order of the President of the Board of Local Improvements in his official capacity. No bids will be considered unless accompanied by such certified check or cash.

Said cash or certified checks will be held by said Board of Local Improvements until all the bids have been canvassed and the contract has been awarded and signed. The return of said checks or cash to the successful bidder being conditioned upon his appearance within fifteen (15) days after having been notified of the award having been made to him or them, accompanied by his or their bondsmen and executing a contract with said Board of Local Improvements for the completion of the work so awarded and giving a bond satisfactory to the Board of Local Improvements and the Council of the City of Dixon.

A bond of Two Thousand (\$2,000.00) Dollars will be required conditioned for the fulfillment of the contract in accordance with the ordinance and specifications and to the satisfaction of the said Board of Local Improvements and Council of the City of Dixon. All proposals must be made on blanks which will be furnished bidders at said City Clerk's office.

The payment for the work for which said tenders are invited is to be made in cash or bonds, payable when the contract is complete, and the work accepted by the Board of Local Improvements and Council of the City of Dixon, bonds to draw interest at Five per centum. No bid will be considered unless the party making it shall furnish evidence satisfactory to said Board of Local Improvements and Council of the City of Dixon of his experience and ability in this class of work and that he can control sufficient capital to enable him to successfully prosecute the same in case the contract shall be awarded to him.

Bidders will examine the ordinance, maps, plats, plans, profiles and specifications and also the locality in which said work is to be done and judge for themselves of all the circumstances and surrounding conditions affecting the cost and nature of the work.

Specifications are on file in the Mayor's office, and also may be seen at the office of the City Clerk of the City of Dixon from and after this date.

The Board of Local Improvements and Council reserves the right to reject any and all bids.

Dated at Dixon, Illinois, this 21st

DRINK MORE WATER IF KIDNEYS BOTHER

Eat less meat and take Salts for Backache or Bladder trouble—Neutralizes acids.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog, you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

ROOSEVELT MAY BOLT
EITHER WAY IT GOES

Will Support Himman, Whoever
Nominates or Rejects Him.

Oyster Bay, July 29.—Theodore Roosevelt will make a few speeches in the primary campaign in the interest of the candidacy of Harvey D. Himman, Republican for governor. He will appear at such points as Mr. Himman may suggest, and it seems pretty safe to predict that one of the colonel's speeches will be made in Madison Square garden or Carnegie hall.

There is a strong belief here that Mr. Himman, should he fail to win the Republican nomination, will go before the voters of the state in November as the Progressive candidate. On the other hand, if Mr. Himman should be successful in the Republican primary and be defeated by William Sulzer or some straight-out Progressive in the Bull Moose primary, Colonel Roosevelt will support Himman, his friends assert, even though the name of a Progressive appears on the official ballot as the regular nominee for governor.

Loses Gambling; Ends Life.

Terre Haute, Ind., July 29.—U. R. Parrish, aged fifty-four, general manager of the Knox Coal Mining company at Bicknell, on returning from several days spent in Terre Haute gambling houses, shot himself to death. He left a note saying: "Dependancy over finance."

Washington, July 29.—President Wilson is considering Chief Justice John B. Winslow of the Wisconsin supreme court, for the vacancy in the United States supreme court.

POSTMASTERS ARE WARNED

Government Employees Must Not Urge Acceptances of C. O. D. Packages.

Washington, July 29.—Postmasters will not be permitted to urge persons to accept C. O. D. any insured parcels addressed to them which they have not ordered. Neither will they be permitted to act as agents of the senders of such packages in further attempting to coerce the addressee to accept delivery.

An order to this effect was issued by the postoffice department.

NO SENATE G. O. P. FILIBUSTER

Minority Will Aid in Bringing About Early Adjournment.

Washington, July 29.—Senate Republicans, in conference, decided not to filibuster against the trust bills. They are opposed to them and will say so in speeches, but their main purpose is to bring about adjournment as soon as possible.

When the senate convened discussion of the trade commission bill was resumed.

SIGNALS OF DISTRESS

Dixon People Should Know How to Read and Heed Them.

Disordered kidneys give many signals of distress.

The secretions may be dark, contain sediment.

Passages are sometimes frequent, scanty, painful.

Backache is often present day and night.

Headaches and dizzy spells may occur.

Weakened kidneys should receive quick help.

Don't delay! Use a special kidney remedy.

Doan's Kidney Pills are for weak kidneys, backache and urinary disorders.

Dixon evidence proves their worth.

John Edous, 812 W. Fifth St., Dixon, says: "I have used Doan's Kidney Pills for lame back and kidney trouble and they have done me a great deal of good. I was suffering from a lame back and my kidneys were out of order. Doan's Kidney Pills removed the lameness and regulated the action of my kidneys. Another of the family has used Doan's Kidney Pills and the relief received has been permanent."

Mr. Edous is only one of many Dixon people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Edous had—the remedy backed by home testimony. 50c. all stores. PANDEMONIUM IN GRAIN PIT

Fear That Russia Will Be Drawn Into Conflict With Austria and Stop Exporting Leading Factor—Corn and Oats Bound Up in Sympathy With Wheat.

Chicago, July 29.—A panic unparalleled since the declaration of war between France and Germany, forty years ago, swelled on the Board of Trade at the announcement of the Austro-Serbian war. Wheat jumped more than 9 cents a bushel during a few minutes of pandemonium.

Traders saw the possibility of Russia's becoming involved, with consequent cessation of its exports. This would leave the world practically dependent upon the United States and Canada for wheat.

The scene in the pit was most dramatic, brokers shouting wildly in attempts to buy back the wheat they had sold yesterday. Frenzied disorder reigned for an hour in the middle of the session.

Pit in Panic of Excitement.

The pit was thrown into spasms of excitement a few minutes before noon on the word that war had been declared. Within a few minutes wheat prices jumped 6 cents. At noon prices were moving erratically while frantic trading was in progress, prices changing by seconds. At the stroke of 12 the market showed gains of from 4 to 5 cents.

Corn was firm shortly after the start on reports of hot, dry weather in the southwest, and made sharp advance on the war bulletin. Prices at noon were ½ to 1½ cents higher than at the opening.

Oats Get War Fever.

Oats were a shade easier at the start but caught the war fever and in sympathy with the other grains edged sharply at noon, going ½ to 1 cent over last night's close. Provisions were firm and higher on account of higher hog prices.

The big sensation was in wheat. July wheat opened at 83½ cents, dropped an eighth and then leaped to 92½ cents, at which high mark it closed. September wheat opened at 83½ cents, made a low mark at 83½ cents, and closed at 92½ cents, which also was its high mark of the day. December wheat jumped from an opening of 86½ cents to a high closing mark of 95½ cents. May wheat opened at 90½ cents and closed high at 99 cents.

Blue-Sky Law Is Upheld.

Portland, Ore., July 29.—Action in the United States circuit court to have the Oregon blue-sky law declared void, which was begun by the National Mercantile company, a corporation of Vancouver, B. C., was defeated by an opinion of Circuit Judge Gilbert and District Judges Wolverton and Bean which upheld a plea of abatement.

Farmer Killed by Interurban.

Terre Haute, Ill., July 29.—Henry Fairhurst, fifty-seven years old, a farmer, was killed when he was struck by a Sullivan interurban car two miles south of this city.

The Germans—as all extensively traveled persons know—are great sticklers for titles. One must not only say Herr Cancellarius Bolz, Herr Doctor Baron Meier, Professor Schmidt; one must also say Frau Cancellarius Bolz, Frau Doctor Baronin Meier, Frau Professor Schmidt. Also there are no distinctions in titles. If one title is higher than another by so much as a hair's breadth, the way-faring man must not call the rightful owner of the higher title by the lower title. Never.

A certain public school teacher who already enjoyed the title of master was promoted to head master. Next day young Fritz, quite unaware as yet of the honor that had come to his instructor overnight, greeted him with his usual cheery "Good morning, master."

"Perhaps," said the new head master with dignity, "perhaps you'd rather just call me Adolf."—New York Evening Post.

**FARMERS IN COMBINE
TO STARVE OUT PEST**

Will Hold Out Planting Wheat for Two Seasons.

Pana, Ill., July 29.—More than fifty Christian county farmers, residing near Owaneco, eight miles northwest of Pana, have signed a written agreement not to plant any wheat for the next two years in an effort to starve out the chinch bugs and other farm pests that have played havoc with the crops the present season.

State officials say that this method of procedure will in two years put to death all crop-destroying insects in this community.

WOODS DEFIED BY DECATUR

City Refuses to Pay Chauffeurs' Fees to State Secretary.

Decatur, Ill., July 29.—Secretary of State Harry Woods' demand that the City of Decatur pay \$110 in chauffeurs' fees for firemen and policemen who drive the city automobiles was refused by the Decatur council. "If Woods wants the money he will have to go to court for it," said Mayor Dinneen.

The city holds that the fire automobiles and police patrol are run for the protection of the citizens and should not be subject to state tax.

High School Project Defeated.

Warren, Ill., July 29.—Because of a slight irregularity in connection with the special election on the proposition to issue bonds for the construction of a \$35,000 high school building in this city the project has been put off indefinitely. The election had been held, the proposition carrying, and the bonds already had been sold before the error was discovered.

Galena River to Be Dredged.

Galena, Ill., July 29.—The Galena river, between Galena and Dubuque, Ia., is to be dredged, \$10,000 having been appropriated for the work by the federal government. Sandbars have seriously interfered with navigation between Galena and the Mississippi river at Dubuque.

Has Cistern Fire Protection.

Whitewater, Ill., July 29.—The village council has ordered the sinking of eight large cisterns at certain places within the village limits, which will be kept filled with water and used in case of fire. An engine to pump the water from the cisterns has been purchased.

Farmer Killed in Runaway.

Pana, Ill., July 27.—Bacus Leach, aged sixty-one years, a farmer of Montgomery county, was killed near his home at Witt, west of Pana, when he was thrown out of his wagon during a runaway of a team of horses driven by his son. The body was taken to Elkhart, Ill., for burial.

Wets Lose Contest.

Oregon, Ill., July 29.—The "wets" lost in the contest of the local-option election in which the township went "dry" by fifteen votes. They sought to prove that the township authorities did not provide a sufficient number of voting places.

Fastened Self to Horse; Killed.

Orangeville, Ill., July 29.—Ralph Drebbels, aged nine, tied about his arm the strap by which he was leading a horse from pasture to the barn. The animal became frightened and ran away, dragging the lad to his death.

FASTING DOCTOR WINS MEDAL.

Italian Medical Society Also Gives

Belleville Physician a Diploma.
Belleville, Ill., July 29.—Dr. I. J. Eales of Belleville, who gained international fame in 1907 by fasting thirty-one days, has been elected a member of the Physico-Chemical academy of Palermo, Italy, and has been awarded a diploma and medal of honor by this institution in recognition of his achievement. Dr. Eales wrote a book entitled "Healthology," in which he described his fast and the attendant benefits, and advocated fasting as a specific against many ills.

Based on Dr. Eales' work, Prof. Lavanzin of Palermo fasted thirty-one days, and he approves Dr. Eales' teaching in dietics, hygiene and fasting. The medal awarded Dr. Eales is a gold emblem.

JESSE JOPLIN'S TRIAL OPENS

Illinoisan Is Accused of Murdering Former Mayor of Duquoin.

Duquoin, Ill., July 29.—The trial of Jesse Joplin, who was indicted on the charge of murdering Dr. D. W. Winter Dunn, former mayor of Duquoin, two months ago, began in the city court here.

The court room was jammed throughout the day, many persons coming from neighboring towns. Judge J. H. Fornoff of the Pana city court is hearing the case.

REGARDING PEACHES. Our information is there is practically none to come from the Southwest, Texas, Arkansas and Oklahoma.

THE GEORGIA CROP is fairly good and will be harvested inside next two weeks. Georgias are practically put up entirely in 6 BASKET CRATES which are about 10 lbs. short of a full bushel. Price will be from \$2.50 to \$2.75 per crate.

OHIO has a good crop of Crawfords and Elbertas, put up in 3/4 bushels.

They will be on market last week of August.

WEST VIRGINIA has a good fair crop which will follow close on to Georgia, but their packages, if they follow former seasons, will be pecks, a little larger package less than half bushel, and hampers less than bushels.

The WESTERN crop will be from WASHINGTON and COLORADO. Both these sections plan to experiment in bushels and prospects are good, if nothing unforeseen happens to the Colorado crop, to be able to deliver some fine Elbertas not only in the usual California box style, but also the FULL BUSHEL packages. This crop will start about August 20th, and price will likely be a round \$2.25 per bushel.

NEW MANNER OF SERENADING

Residents on Third street were pleasantly entertained last evening with string music furnished by a quartet of local lads who were serenading a la auto, the 20th century mode. The young gentlemen slowly toured that section of the city, furnishing pretty rags and popular ballads for the delectation of the appreciative (?) residents.
